Dear Parents/carers..... Date:

I am very sorry to inform you that today a restorative conversation with your child, has taken place for breaking the following school non-negotiable/s.

- 1) Choosing to hurt a child or adult physically or emotionally
- 2) Deliberately putting themselves at risk in an unsafe place
- 3) Purposefully breaking or damaging school equipment

Please could you talk to at home about this so that we are giving consistent messages that both teachers and parents are working together to uphold our school vision and values.

Your support is greatly appreciated.

Yours sincerely,
